- Using vocabulary in context

Chapter 3: Mastering Grammar for Fluent Speech

Gain mastery over English grammar and unleash your fluency. Understand the intricacies of subject-verb agreement, verb tenses, and sentence structure. Practice applying these rules in real-world conversations, transforming your sentences from disjointed to fluid and grammatically correct.

Conversation between teacher and student about exam preparation

Student : Good morning, sir.

Teacher : Good morning.

Student : Sir, my examination is round the corner. Can you give me some instructions as to how I should prepare?

Teacher : Certainly! But at first, get rid of your mobile. That is a major distraction.

Student : Ok, sir.

Teacher : Read your texts thoroughly, for you must have all the information while you study.

Student : Sir, I have a problem in memorizing.

Teacher : Instead of learning, try to understand it. Try to concentrate on one major theme at a time until you grasp it well.

Student : Sir, a few of my friends were planning to do group study. Will it be useful?

Teacher : Yes, definitely. You also must solve old question papers because those will help you get acquainted with the format of the questions.

Student : Thank you, sir.

Teacher : If you need anything else, let me know.

Student : Sure, sir.
