

The Amazing Harry Kellar: Great American Magician

Harry Kellar was one of the most famous magicians of the late 19th and early 20th centuries. His illusions were known for their originality and complexity, and he was a master of showmanship. This book tells the story of Kellar's life and career, from his humble beginnings to his rise to fame as one of the greatest magicians of all time.

Harry Kellar was born in Erie, Pennsylvania, in 1849. As a child, he was fascinated by magic, and he began performing tricks for his friends and family. At the age of 16, he ran away from home to join a traveling circus. He quickly learned the ropes of the magic business, and he soon became one of the most popular performers in the circus.

In 1873, Kellar left the circus to start his own magic show. He toured the United States and Europe, and he quickly became one of the most famous magicians in the world. His illusions were known for their originality and complexity, and he was a master of showmanship.

The peak of Kellar's career came in the 1890s. He was the star of a popular Broadway show, and he toured the world with his own magic show. He was also a regular performer at the White House, and he was a close friend of President Theodore Roosevelt.

Kellar's most famous illusion was the "Levitation of Princess Karnac." In this illusion, a woman named Princess Karnac would float in the air, seemingly without any support. The illusion was so popular that it was featured in a number of movies and television shows.

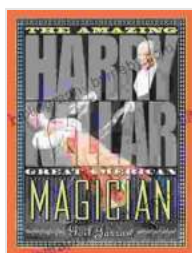

Kellar continued to perform until his death in 1922. He was 73 years old. He is considered one of the greatest magicians of all time, and his illusions are still performed by magicians today.

Kellar's legacy is also preserved in the Harry Kellar Museum, which is located in Erie, Pennsylvania. The museum houses a collection of Kellar's artifacts, including his props, costumes, and posters.
