A Review

In her debut memoir, *The Long Journeys Home*, author Sarah M. Broom paints a vivid and deeply personal portrait of her life as a first-generation American, a woman of color, and a survivor of childhood trauma.

Through a series of essays that are both lyrical and raw, Broom explores the complexities of identity, family, and the search for belonging. She writes about her childhood in New Orleans East, a predominantly black neighborhood that was ravaged by Hurricane Katrina, and her experiences of racism and discrimination as a young woman. She also delves into her struggles with mental illness and addiction, and her eventual journey towards healing and self-acceptance.

Broom's writing is honest, unflinching, and often heartbreaking. But it is also filled with hope and resilience. She writes about the power of storytelling to heal wounds and build bridges between people. She writes about the importance of finding strength in community and the transformative power of love.

The Long Journeys Home is a must-read for anyone who has ever struggled with issues of identity, family, or trauma. It is a story of pain, but it is also a story of triumph. It is a story that will stay with you long after you finish reading it.
