The Quilting Bee by Gail Gibbons is a charming and informative picture book that introduces young readers to the history and traditions of quilting. The book follows a group of women as they gather for a quilting bee, where they share stories, laughter, and the art of quilting.

Gibbons's clear and concise text provides a wealth of information about the history of quilting, from its origins in ancient Egypt to its popularity in colonial America. She also explains the different types of quilts, from traditional pieced quilts to appliqué quilts, and the various techniques used to create them.

The book is beautifully illustrated with Gibbons's signature watercolor paintings. The illustrations are full of detail and capture the warmth and camaraderie of a quilting bee. The book also includes a glossary of quilting terms and a list of resources for young quilters.

The Quilting Bee is a wonderful book for young readers who are interested in learning about quilting. It is also a great resource for teachers

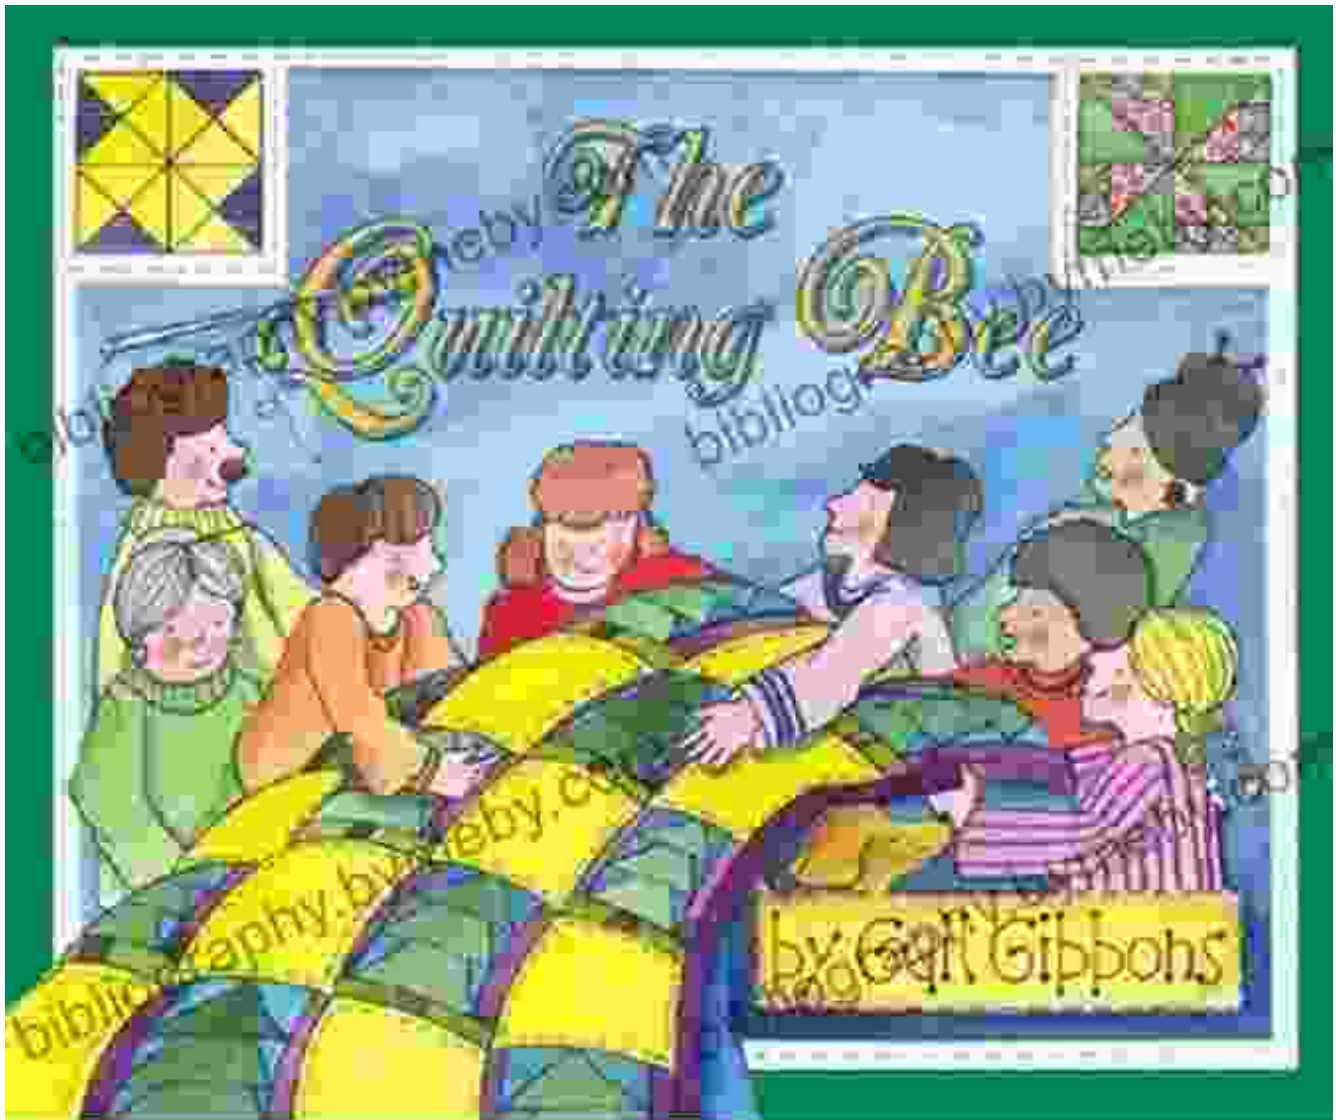

and parents who are looking for ways to introduce children to the history and traditions of this American craft.
